viii - How ancient Greek language expresses a seaborne imagination

ix - Ptolomey's Meteoroscope finally be solved?

x - Should We Cancel Plato?

It's been over 2000 years since Plato died and left his ideas behind with us. Is it time for us to move on from what may be outdated or is he still relevant to the 21st century?

xi – The Mystery of Homer's "Wine-Dark Sea" A poet's turn of phrase sparked studies into the interplay of color and culture.

xii - It's Greek to Me: The Interesting Origins of Animal Names

xiii - Archimedes Rediscovered: Advanced imaging technologies help scholars reveal and share lost texts from the ancient world.

ix - How Nazi Germany Usurped Ancient Greece's Legacy. From the "neo-Grec" nudes of Arno Breker and Josef Thorak, to the neo-Doric architecture of Paul Troost. We can also see it in the neo-Roman buildings of Albert Speer. They were presenting a rather startling image of Mediterranean antiquity as well as in academic studies

x - Men Might Not Be Men in Mycenaean Iconography, Study Claims

xi - Ancient Greece's cultural rise started a century earlier than previously thought – new research

xii - I am an article about the speaking objects of ancient Greece Talkative drinking cups and threatening oil flasks tell us how the written word asserted its authority in an oral society

xiii – How Ancient Greece influenced Indian strategic thought and statecraft

xiv - Homer's Odyssey by Ian Fleming | Robin Saikia

"Sing to me, O Muse," I murmured through a haze of cigarette smoke, the roulette wheel spinning endlessly in my mind,

xv - It's been 20 years since the massive sword-and-sandals blockbuster, **Troy**, was released.

Ancient Greek historian Roel Konijnendijk, a fellow and tutor at Oxford, broke *Troy* down for History Hit on YouTube.

xvi – Ancient Greeks Descend from the Pontic Steppe, New Study Claims

ROMAN

i – How Ancient Rome Restricted Four-Wheeled Traffic

ii - Ancient Romans Were Some of The First Obnoxious Tourists

iii - Long-Lost Diana Statue That Sank With the Titanic Comes to Light on the Ocean Floor. A small statue of the Roman goddess Diana that stood in the first-class lounge on the Titanic has been sighted on the ocean floor. She had been unseen since she was photographed in 1986.

iv - Gladiator rebellions and bread strikes: ancient Rome's labor unions revealed | History

v – The Secret Life of Latin. Is Latin really “dead”?

vi - ANCIENT INDIA AND THE ROMAN EMPIRE

vii - Built to Last: How Ancient Roman Bridges Can Still Withstand the Weight of Modern Cars & Trucks - video

viii - Historian slams 'Gladiator II' as 'total Hollywood bulls--t'. Romans did not read newspapers while sipping tea in a cafe....

AND

Gladiator II: historians on the fate of the real Roman royalty featured in the film

<https://theconversation.com/gladiator-ii-historians-on-the-fate-of-the-real-roman->

ix – Decline of the Eastern Roman Empire Was Not Caused by Plagues and Climate Change in 6th Century AD, But Rather Experienced a Population Boom

x - Skyrocketing prices are an age-old problem. Here's how Roman emperors battled runaway inflation

xi - 'They see it is living': Durham professor's mission to get more pupils into classics

xii – Cicero and Leadership

HYBRID

i - What the Right Gets Wrong About the History of Gender

Sarah Nooter is the editor and translator of How to be Queer: An Ancient Guide to Sexuality. She is Edward Olson professor of classics at the University of Chicago

ii - Enduring importance of studying Western Classics in the 21st Century

iii - 'The waters become corrupt, the air infected': here's how Ancient Greeks and Romans grappled with environmental damage

iv - Adultery in Ancient Greece and Rome: Not for the Weak

"Mistresses we keep for the sake of pleasure, concubines for the daily care of our persons, but wives to bear us legitimate children and to be faithful guardians of our households" – Demosthenes

v - To Divine the Future, the Ancients Relied on These Chance-Based Fortune-Telling Tools.

Texts like the “Sortes Astrampsychi” promised insights on clients’ love lives, career prospects, financial woes and families

vi - 'We recognise it in this very primal way': Stephen Fry, Brie Larson, Chris O'Fili and more on why we can't get enough of Greek mythology

Love, death, grief, power, revenge: Greek tragedies get to the essence of the human experience. Here, writers and artists select their favourite plays, music and films inspired by the classics, from The Hunger Games to a Santana hit

vii - Like your pet more than people? So did some of the Greco-Romans

viii - What were the Greeks and Romans like? Their letters suggest they weren't so different from us

ix - Summer holidays haven't changed much since ancient Greece and Rome (except maybe the sand wrestling)

x - The origin of elite red footwear in the ancient Mediterranean world
